# Matias Alberto Quintana Rosales

Work & Research Experience

## Future Cities Lab Global, Singapore-ETH Centre

Postdoctoral Researcher and Module Coordinator

• Industrial research: Collaborated with government agencies and industry partners for AI-based solutions at the urban scale.

- Project Management: Led and managed a team of 6 researchers (PostDocs, Ph.D. students, and Software developers) across Singapore and Zürich on an SG\$1,000,000 project.
- Data Science: Mentored Ph.D. students and visiting scholars regarding machine learning and data science projects at the building and urban level.

## Chair of Computational Social Science, ETH Zürich

Visiting Researcher

希 in 🗘 🞓

- Industrial research: Met with local industry partners ESRI R&D Zürich, to start research exchanges and concretise collaborations.
- Project Management: Prepared and organised presentations and reports for the Future Cities Lab Global conference, the Scientific Advisory Committee, and Singapore-ETH Centre researchers.
- Data Science: Engaged and started research projects with Prof. Dirk Helbing chair including Ph.D. students and PostDocs.

## College of Design and Engineering, National University of Singapore

- Postdoctoral Research Fellow (**BUDSLab**)
  - Field experiments: Led field studies with wearable technology for health and thermal comfort monitoring.
  - Data Science: Lab research and development manager, handled machine learning and data science projects at the building and urban level.

## College of Design and Engineering, National University of Singapore

Graduate Research Assistant (BUDSLab, SinBerBEST2)

- Field experiments: Conducted field studies with wearable technology for health and thermal comfort monitoring.
- Data Science: Performed unsupervised and semisupervised learning research on a global portfolio of building electricity consumption and field experiment datasets for thermal comfort. Main collaborator and content creator for MOOC Data Science for Construction Architecture and Engineering (2021 edX Prize Finalist for Innovation in Online Teaching).
- Hardware & Software: Organized and maintained laboratory computational resources for scientific research.

#### Civil and Environmental Engineering Dept., Carnegie Mellon University Pittsburgh, US Graduate Research Assistant, Intelligent Insfrastructure Research Lab (INFERLab) 04/2017 - 06/2018

- Industrial research: Collaborated in a Department of Energy-funded project regarding Sensing and Control for Commercial Building Energy Efficiency and Occupant Comfort.
- Data Science: Designed and implemented a data preparation and evaluation framework with Bosch U.S. research scientists for RGBD building occupancy data.
- Hardware: Designed, produced, and programmed an AC waveform power meter board based on an Atmega328p for the Raspberry Pi.

## VIT Initiative, LLC. (Acquired by SWORD Health)

Firmware & Mobile Developer

- Product development: Assembled, tested, and performed demonstration of a fully finalized commercial product on clients' sites and funding events.
- Data Science: Developed data collection pipeline for Internet of Things (IoT) devices, mobile devices, and web servers.
- Software: Designed and developed mobile application functionality and user interface for IoT sensor and web server interaction.

## Banking Commission of the Republic of Marshall Islands

Intern, Technology Consultant

- **Consulting**: Assessed the current state of technology infrastructure and information management and provided recommendations (comprehensive final report)
- Software: Designed, proposed, and implemented data collection and analysis solution for the Financial Intelligence Division.

04/2023 - Present

Zürich, CH

09/2023 - 10/2023

Singapore, SG

Singapore, SG 08/2022 - 03/2023

Singapore, SG

Pittsburgh, US 12/2017 - 06/2018

Majuro, MH

05/2016 - 07/2016

## Teaching & Mentoring Experience

## Future Cities Lab Global, Singapore-ETH Centre

Postdoctoral Researcher and Module Coordinator

## • Mentoring:

- \* Mentored **3** Ph.D. students, **1** Research Assistant, and **1** Software Developer in research projects and theses.
- \* Organised and ran workshops and seminars for Machine Learning and Cloud computing tools and effective science communication.
- Faculty of Science and Engineering, Pontifical Catholic University of Peru Lima, PE Visiting Professor 02/2024 - 03/2024• Course 1IND41 - Where (and when) is Waldo?: Introduction to Urban analytics and Geospatial Artificial Intelligence (GeoAI): Created syllabus and content from scratch and taught lectures, hands-on sessions, and laboratory sessions to undergraduate engineering students. Chair of Computational Social Science, ETH Zürich Zürich, CH 09/2023 - 10/2023 Visiting Researcher • Course 052-0653-23L - Future Cities Laboratory Indicia 03: Actions and evidences for future settlements: Gave 2 lectures and facilitated discussions among undergraduate and graduate students at the Department of Civil, Environmental and Geomatic Engineering (D-BAUG) College of Design and Engineering - National University of Singapore Singapore, SG Teaching assistant 08/2020 - 03/2023• Mentoring: Mentored 11 B.Sc., 2 M.Sc., and 3 Ph.D. students in research projects and their theses. • Online teaching: Main collaborator and content creator for MOOC Data Science for Construction Architecture and Engineering (2021 edX Prize Finalist for Innovation in Online Teaching). • Courses: Held office hours and taught hands-on sessions and laboratory sessions \* PF1103 - Digital Construction (Undergraduate) \* PF3211 - AI Applications for the Built Environment (Undergraduate) \* BPS5229 - Data Science for the Built Environment (Graduate) Heinz College - Carnegie Mellon University Pittsburgh, PA Teaching Assistant 08/2016 - 12/2016• Course 95-703 - Database Management: Held office hours and laboratory sessions to help students with assignments and class concepts, improved assignments, and designed new homework

#### Education

•	National University of Singapore (Singapore): Ph.D. Engineering Thesis: Cohort-based Personal Comfort Models for HVAC Occupant-Centric Control	2018-2022
•	Carnegie Mellon University (USA): Master of Info. Sys. Mngmt. Modules: Data Mining; Machine Learning; Data Structures and Algorithms	2015-2016
•	Pontifical Catholic University of Peru (Peru): B.Sc. Electronic Eng. Modules: Electronic Design; Computer Architecture; Web Technologies	2009-2014

## Media

- 4. Net-Zero Energy buildings interview, TF1, 2023
- 3. Science Communication Outreach, National University of Singapore, 2023
- 2. Presenter and panelist at Workshop on Applications and Research in Data Science (TARECDA), 2022, 2023
- 1. Interviewed about scientific and professional career, Andina News Agency, 2022

## Awards

## Ph.D. Travel Fellowship

•	University of Nebraska-Lincoln (UNL), Future of the Building Industry (FOBI) Workshop, Nebraska U.S.	2022
•	Innovation in Online Teaching Finalist $edX$	2021
•	Buildings Best Paper Award Buildings MDPI Journal	2020
•	Ph.D. Research Scholarship National University of Singapore	2018
•	Admission Scholarship Heinz College, Carnegie Mellon University	2015
•	Second Place Best Poster Euromed: International Conference on Cultural Heritage	2014

#### SERVICE

#### • Grants

- Context-aware and human-centric assessment of the urban environment: From individual experiences to collective understanding in the city and beyond (*Submitted and not granted*), RIE2025 CoT H1 "The Impact of The Built Environment on Mental Wellbeing", SG\$1,000,000 (approx. CHF 659,000) Principal Investigator (Singapore, 2023)
- Climate Change AI Innovation Grants, up to USD 150,000 (approx. CHF 127,000) Reviewer (2023)

## Journals

- Energy and Buildings Reviewer (2024)
- $\circ~$  Science and Technology for the Built Environment Reviewer (2024)
- Building and Environment Reviewer (2021, 2023, 2024)
- Building Simulation Reviewer (2023)
- Scientific Reports Reviewer (2023)
- Building Performance Simulation Reviewer (2022)
- Building Engineering Reviewer (2022)
- Ambient Intelligence and Humanized Computing Reviewer (2021)
- $\circ\,$  Applied Energy Assistant Reviewer (2020)
- Proceedings of the ACM on Interactive, Mobile, Wearable and Ubiquitous Technologies (IMWUT) Reviewer (2020)

#### Conferences

- Workshop on Tackling Climate Change with Machine Learning at the International Conference on Learning Representations (ICLR) - Program Committee (2023, 2024)
- ACM International Conference on Systems for Energy-Efficient Buildings, Cities, and Transportation (BuildSys) -Organisation Committee (2021, 2022, 2023); Sponsorship Co-Chair (2021, 2022); Poster/Demo Co-Chair (2023); Student Volunteer (2020)
- ACM SIGEnergy Workshop on Reinforcement Learning for Energy Management in Buildings & Cities (RLEM) -Technical Program Committee Co-Chair (2021, 2022, 2023); Web Chair (2021)
- International Workshop on Applied Machine Learning for Intelligent Energy Systems (AMLIES) Technical Program Committee (2020, 2021, 2022, 2023)
- Workshop on Tackling Climate Change with Machine Learning at the Conference on Neural Information Processing Systems (NeurIPS) - Program Committee (2021, 2022, 2023)
- Workshop on Tackling Climate Change with Machine Learning at the International Conference on Machine Learning (ICML) - Program Committee (2021)
- $\circ~$ eSim 2020 Building simulation meets building data, IBPSA Canada Reviewer (2021)
- ACM International Conference on Future Energy Systems (e-Energy) Assistant Reviewer (2020)

## UNIVERSITY & PUBLIC ENGAGEMENT

•	Access Singapore, NGO Operations and Communications volunteer; mentor	Singapore, SG 03/2023 - Present
•	Global Young Scientists Summit, National Research Foundation Participant and presenter	Singapore, SG 01/2023
•	Science Outreach Team, NUS Presenter	Singapore, SG 08/2022 - 03/2023
•	Woodlands Social Centre Volunteer and Consultant	Singapore, SG 02/2022 - 12/2022
•	Office of the Senior Deputy President and Provost, NUS Member of the National University of Singapore (NUS) Board of Discipline	Singapore, SG 07/2021 - 06/2022
•	Office of Student Affairs, NUS Resident Assistant and Secretary	Singapore, SG 06/2020 - 06/2022
•	ASHRAE Student Branch, NUS Secretary	Singapore, SG 02/2020 - 05/2021
•	Building Research Students Network, NUS President; former Treasurer	Singapore, SG 08/2019 - 07/2022

Office of Student Affairs, NUS	Singapore, SC
Mentor at Teach with Heart@Tanglin Secondary School	07/2019 - $10/2013$
Internet of Things Club, Carnegie Mellon University Co-founder and Technical Director	Pittsburgh, PA 06/2016 - 12/2010
Latino Graduate Student Association, Carnegie Mellon Universe President; former Treasurer	sity Pittsburgh, PA 08/2015 - 12/2010
